

yum'my *adj.* Highly pleasing, especially to taste or smell. Delightful, delicious, very pleasant to eat.

rec'i.pēs *n pl.* Lists of ingredients and directions for preparing tasty treats.

Blackberry Bounty - Enjoying Round Valley's Wild Harvest

In this 50-page recipe book, Round Valley cooks share their favorite recipes, like how the old-timers made those rich, flaky piecrust—some still think they're the best. Enjoy a refreshing Blackberry Slush, a Mendocino County favorite. Try some old-fashioned treats, like Blackberry Buckle, Blackberry Grunt, Blackberry Roly-Poly, or Blackberry Betty. There is even a tangy sauce to serve with lamb and other grilled meats. No matter how or when you serve them, blackberries have an intense tart-sweet flavor that evokes hot, dry summer days, when the sun brings the berries to their peak of sweetness. These recipes will help you explore new ways to enjoy our wild blackberry bounty.

Proceeds from the sale of this recipe book will help the Friends of the Round Valley Public Library realize our long-held dream of a new library and community center—a Library Commons—for all Round Valley residents to use and enjoy. The library will have expanded services—a new soundproof room for movie watching, computer stations, display cases, an improved Native American wing, a reading room with comfortable chairs, and a children's storytelling area. The community center will have a big meeting room and a commercial kitchen we can all use for events and activities. This project will add much-needed services for all the people in the Round Valley community. Centrally located, it will be right across the road from the Post Office—right at the heart of our community.
